

# SH CONNECTOR

1.0 mm pitch/Wire-to-Board connectors/Crimp style and Mating style

The SH is the world's first 1.0 mm pitch crimp style connector. It features a compact, low profile design in a wire-to-board configuration. Its unique contact engagement with the housing lance provides excellent performance in the contact insertion process when using smaller diameter wires. In addition, with a high-pressure contact design, the SH contact demonstrates excellent contact reliability providing an assured connection.

- · Compact and space-saving
- Housing lance system
- High-pressure contact design for a more assured connection
- Socket compatible with IDC style SR connector

# Specifications

- Current rating: 1.0 A AC/DC (AWG #26)
- Voltage rating: 50 V AC/DC
- Temperature range: -25°C to +85°C

(including temperature rise in applying electrical current)

· Contact resistance:

Initial value/ 20 m $\Omega$  max.

After environmental tests/ 40 m $\Omega$  max.

- Insulation resistance: 100 M $\Omega$  min.
- Withstanding voltage:

There shall be no breakdown or flashover while applying 500 VAC for one minute.

· Applicable wire range:

Conductor size/ AWG #32 to AWG #28 Insulation O.D./  $\phi$  0.4 mm to  $\phi$  0.8 mm

- \* Please refer to the "Handling Precautions for Terminals and Connectors" on our website (listed in the "Technical Documents" column on the Product Information page) before use.
- \* RoHS2 compliance
- \* Dimensional unit: mm
- \* Contact JST for details.

## **■** Standards

For information on overseas standard registrations, please refer to the "List of Registered Overseas Standards" on our website (listed in the "Technical Documents" column on the Product Information page).

\* Specifications registered to overseas standards may differ from the general specifications listed above.

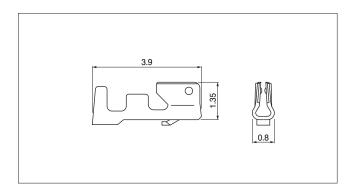

#### PC board layout and Assembly layout

# Top entry type Side entry type Connector outline (0.4) 0.0.05 = 0.005No. 1 0.0.05 = 0.005No. 1 0.0.005 = 0.005No.

Note: 1. The PC board layout figure shown is viewed from the connector mounting surface.

- 2. Dimension A: See "Header" section on page 3.
- 3. Tolerance for the PCB pattern pitch shall be  $\pm$  0.05, and shall not accumulate more than  $\pm$  0.1.
- 4. The above dimensions are reference values. Please contact JST for details.

#### Material and Surface finish, etc.

Base contact: Copper alloy, tin-plated

Base housing: PA (Heat resistance) , natural (ivory)

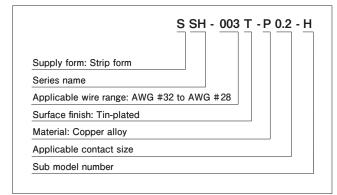

Reinforcement: Copper alloy, tin-plated

Note: 1. This product displays (LF)(SN) on a label.

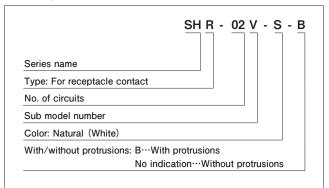

- This product is supplied on embossed tape and reel packaging. Top-entry headers with suction tape are also available. Please contact JST for details.
- 3. Contact JST for gold-plated product.
- 4. The SH header is compatible with SR series IDC style socket.
- 5. For flame retardant grade of resin material used, please refer to the "List of Registered Overseas Standards" on our website (listed in the "Technical Documents" column on the Product Information page).
